

The logo features a blue house icon with a window, a green leaf, and the text "HomeSense™" in blue and green, "Bio" in large green letters, and "wash" in blue. A green leaf is integrated into the "Bio" text.

HomeSense™ Bio wash

To increase the yield of fruits and vegetables, farmers use pesticides, fertilizers and other harmful chemicals in raising these fruits and vegetables. Waxes, preservatives and artificial colours are also used by farmers and fruits & vegetable sellers, to make these fruits and vegetables look fresh and healthy. We all know this fact very well, but as we have no choice, we continue using these contaminated fruits and vegetables.

Keeping all this in mind, **HomeSense** presents to you “**Bio Wash**”. It ensures you the benefits of fruits and vegetables by removing off pesticides, germs & bacteria, dirt & dust, other harmful chemicals, waxes and preservatives that are found in these fresh looking fruits and vegetables. So, use “**Bio Wash**” to wash off all these pesticides, germs, harmful chemicals and waxes and consume real clean fruits and vegetables for good health.

BENEFITS OF BIO WASH:

- It helps in washing off Pesticides.
- It helps in removing harmful Germs & Bacteria.
- It helps in removing Dirt & Dust.
- It helps in washing off Chemicals.
- It helps in washing off Waxes & Preservatives.
- It helps in removing harmful Artificial Colours, sprayed on fruits and vegetables for giving fresh look.

AS TESTED &
CERTIFIED BY
INTERNATIONAL
LABORATORIES

HomeSense™

WHY BIO WASH:

- **Bio Wash** is more effective than water washing, since it can remove more microbial load from the vegetables and fruits compared to that when washed with plain water.
- Based on tests from various reputed laboratories, **Bio Wash** is safe for its intended human use and is safe for washing of un-cut fruits and vegetables.
- **Bio Wash** is tested and certified by various reputed laboratories.
