

KAYASENSE-SUNSCREEN GEL

HELPS TO PROTECT AGAINST SUNBURN

Kayasense Sunscreen gel is a sun-shielding gel that includes premium natural minerals, aloe vera, ginkgo biloba extract and **SPF 50**. Where most of the sunscreen brands provide you protection merely against one UV ray type, this product is framed with SPF 50 properties to protect you from both UVA and UVB rays. Both these are equally harmful for causing skin damage like photo-damage, that is a skin damage caused due to exposure to harmful Ultraviolet radiations.

Keeping in mind, hot and long summers. When the sun reaches you with all its power, giving you tanned skin and sunburns. Kayasense presents you an amazing Sunscreen gel to protect you from all the problems caused by scorching sun.

Protects you against Sun-Burns

Star Ingredients:

- **Premium Natural Minerals-** Sourced from Great Salt Lake of Utah, United States of America. These premium natural minerals improve your skin's overall health and appearance.
- **Aloe-Vera-** It soothes rashes and skin irritation. It has Antioxidant and Anti-Inflammatory properties. Aloe-Vera also has moisturizing property and is known for treating sunburns.
- **Ginkgo Biloba Extract-** it is a popular herb known for its skin benefits like- it has natural sun-protecting properties, it is anti-inflammatory is also the natural cleanser
